

FEEDING BENEFITS

- Higher intake of silage
- Tastes good-feeds good
- Less silage losses
- Reduced heating

IMPROVE THE RUMEN ACTIVITY OF
YOUR COW BY USING **EM-SILAGE**

EM-SILAGE = HEALTHY HERD

CUT YOUR COSTS...

- Research shows feeding 11,5 DM grass silage treated with EM-silage gives 0,5-1,5 ltr. extra milk in comparison to silage not treated with EM.
- Silage intake increased
- Reduced silage 'left overs'

LOWER YOUR COST PRICE PER LITRE BY USING EM-SILAGE

AND IT WORKS...

- EM-Silage contains strains of lactic acid bacteria.
- Contains 'healthy' yeast.
- Use on grass, maize and whole crop.

**DON'T MESS AROUND WITH
DIFFERENT PRODUCTS.**

USE EM-SILAGE

ONE PRODUCT DOES IT ALL!
